

MEET THE TEAM

Leonardo De La Vega

CEO at MFA Motorways

As the CEO of MFA Motorways, I lead an organization dedicated to modernizing and transforming the transportation industry through innovative planning, visionary strategies, and technological expertise. With a focus on leadership, vision, and technological knowledge, I drive plans that redefine success in this dynamic sector.

My journey began as an accomplished IT professional, contributing limitless value in network optimization and computer support. Over a span of 20 years, I have established myself as a respected visionary leader in transportation, fostering excellence in creating a path for the future.

Scott Chmabers

Sales Executive

The Crypto Native The native has been into crypto so long that they remember when DeFi was only a dream and not a reality. They've been there to witness the rags to riches stories, rug pulls, and real-world adoption. With in-depth experience, they've learnt not only how to profit as an investor, but how to make meaningful contributions to the entire crypto community.

Traits of a crypto native:

Lived through multiple market cycles.

Used to the high volatility.

Understand the technological and financial aspects of crypto.

Sabin Shrestha

Software Developer

A Software Developer with the capability to work in full efficiency by learning new skills and techniques in programming whenever necessary. The eagerness to complete the given tasks as soon as possible along with the enthusiasm and passion towards programming has kept me motivated towards doing this job for more than 11 years. Fluency in several programming languages has made me versatile in working alongside the dynamic software development teams.
